Introduction

The purpose of this document is to ensure that the Bradford Diocesan Academies Trust (BDAT) maintains and develops systems of financial control which conform to the requirements both of propriety and of good financial management. It is essential that these systems operate properly to meet the requirements of our funding agreements with the Education Funding Agency (EFA).

Each academy within BDAT must comply with the principles of financial control outlined in the academies guidance published by the EFA in the Academy Funding Agreement and the Academies Financial Handbook.

BDAT will ensure all staff, including the Accounting Officer, the Trust Director of Finance, Head teachers, Business Managers and the Finance /Admin Assistants and/or Officers, who deal with financial matters, are trained in the appropriate financial procedures. BDAT's Finance & Audit Committee, a sub-group of the BDAT Board will be responsible for reviewing all controls and procedures of financial systems operating within the trust.

The Bradford Diocesan Academies Trust ("the MAT") is a Multi Academy Trust. The trust is a company limited by guarantee with charitable status and is governed by Board of Trustees. The membership and the main responsibilities of the Board are set out in the written terms of reference.

The Trustees have opted to establish separate committees to be known as Local Governing Bodies (LGBs) for each Academy and will ensure that, where possible, each Local Governing Body shall include at least one elected representative of the parents of pupils attending the relevant Academy.

1. MAT Roles and Responsibilities

The main responsibilities of the MAT are prescribed in the Funding Agreements with the EFA. The key responsibilities include:

- ensuring that grants from the EFA are used only for the purposes intended
- approval of the annual budget

The Academy Trust has defined the responsibilities of key committees and staff involved in the administration of academy finances to avoid the duplication or omission of functions and to provide a framework of accountability for governors and staff.

The following sections summarise the responsibilities of those individuals with key roles in the administration and accountability of the MAT finances.

1.1 Role of the Chief Executive Officer

- to ensure that all relevant documents (delivery notes, invoices etc.) are promptly passed to the administrator for processing

3. Delegated Authority

The delegated authority is through the BDAT Schemes of Delegation and Finance Scheme of Delegation. To download this document, please visit BDAT's website at the following URL <http://www.bdat-academies.org/>.

4. Register of Interests/Related & Connected Parties

It is important for anyone involved in spending public money to demonstrate that they do not benefit personally from the decisions they make. To avoid any misunderstanding that might arise all members, trustees, governors and staff who can influence financial decisions, or spending powers, are required to declare any financial interests they have in companies or individuals from whom the Trust may purchase goods or services.

The register is open to public inspections and should include all business interests such as directorships, share-holdings or other appointments of influence within a business or organisation which may have dealings with the Trust. The disclosures should also include business interests of relatives such as a parent or spouse or business partner where influence could be exerted over a member, director, governor or a member of staff by that person. It is also important to identify any connected parties and or related parties with any other charity, company or organisation with which it operates in the pursuit of charitable activities.

The existence of a register of business interests does not, of course, detract from the duties of members, trustees, governors and staff to declare interests whenever they are relevant to matters being discussed by the Governing Body or a committee. Where an interest has been declared, members, trustees, governors and staff should withdraw from that part of any committee or other meeting.

5. Process for Independent Checking

Every academy trust must have in place a process for independent checking of financial controls, systems, transactions and risks.

The FAC for the MAT will oversee the process for independent checking of financial controls, systems, transactions and risks which the Director of Finance will lead on.

The committee will review the risks to internal financial control at the MAT and agree an annual programme of work that will address these risks, inform the statement of internal control and, so far as is possible, provide assurance to the external auditors.

This programme will be managed through one or more of the following options:

- the work of an internal audit service (either in-house, bought-in or provided by a sponsor)
- the performance of a supplementary programme of work by the Trusts external auditors
- completing the work by peer review

5.1 Investigation of Fraud and Irregularity

The personal responsibilities of accounting officer responsibilities extend to the prevention of loss through fraud and irregularity. However, in addition to the accounting officer's responsibilities, the members of a MAT are also responsible for preventing such losses of public funds, and this means that members, trustees and governors must be aware of the risk of fraud and irregularity to occur within their organisations and they must, as far as possible, address this risk in their internal control and assurance arrangements by putting in place proportionate controls. The MAT is also responsible for ensuring appropriate action is taken where fraud and irregularity is suspected or identified.

All instances of fraud or theft committed against the Trust, whether by employees or governors or third parties, above £5,000 must be reported by the Trust to the EFA. Any unusual or systematic fraud, regardless of value, must also be reported.

The EFA reserves the right to conduct or commission its own investigation into actual or potential fraud, theft or irregularity in any academy either as the result of a formal notification from the Trust itself or as the result of other information received.

The EFA has provided "fraud indicators" that can identify risks of fraud. This list can be used by all staff to see high risk areas where fraud could occur (see Appendix 1 of the Fraud & Corruption Policy).

5.2 Appointment of External Auditors

The Trust is required to submit the accounts for an annual audit. This means that external auditors need to be appointed. The appointment should be for a reasonable period, renewable at the discretion of the MAT.

The auditors are required to give an opinion on whether:

- the financial statements have been prepared in accordance with the Financial Reporting and Annual Accounts Requirements issued by the EFA

- proper accounting records have been kept by the Academy throughout the financial year
- grants made by the EFA have been applied for the purposes intended

The MAT should arrange for on-going monitoring of the performance of the auditors to be undertaken by the FAC.

6. Accounting System

All the financial transactions of the MAT must be recorded on the PS Financials accounting system and BPS operated by the Finance Departments in each academy.

Financial records are required to be kept for at least six years. This is a requirement laid down by Her Majesty's Revenue and Customs (HMRC).

6.1 System Access

The PS Financials accounting system is protected by access permissions to authorised staff. Access permissions should be strictly controlled and individual log-ins and passwords should not be compromised. Access to PSF should be restricted and the Director of Finance (in consultation with academy Business Manager) is responsible for determining the access levels for all members of staff using the system.

All leavers with previous access to PSF must have their access permissions formally removed.

6.2 Back-up Procedures

The Director of Finance & Director of Operations are responsible for ensuring that there are effective back up procedures for the system.

The Director of Operations should also prepare a disaster recovery plan in the event of loss of accounting facilities or financial data. This should link in with the annual assessment made by governors of the major risks to which the trust is exposed and the systems that have been put in place to mitigate those risks.

6.3 Transaction Processing

All transactions input to the accounting system must be authorised in accordance with the procedures specified. Detailed information on the operation of the PSF system can be found in the user manuals.

6.4 Transactions Reports

The Director of Finance will obtain and review system reports to ensure that only regular transactions are posted to the accounting system. The reports obtained and reviewed will include:

- monthly payroll reports
- monthly bank statement reconciliations

- monthly procurement card statements
- monthly VAT returns
- management accounts summarising expenditure and income against budget at budget holder level

6.5 Reconciliations

Business Managers are responsible for ensuring the following reconciliations are performed each month, and that any reconciling or balancing amounts are cleared:

- payroll
- bank balance per the nominal ledger to the bank statement
- procurement cards
- VAT
- trial balance

Any unusual or long outstanding reconciling items must be brought to the attention of the Director of Finance. The Head teacher will review and sign all reconciliations as evidence of his review.

7. Financial Planning

7.1 Annual Budgets

Annual budgets will reflect the best estimate of the resources available to the each academy for the forthcoming year and how those resources are to be utilized by each academy. There should be a clear link between the academy development plan objectives and the budgeted utilisation of resources.

The budgetary planning process will incorporate the following elements:

- forecasts of the likely number of pupils to estimate the amount of EFA grant receivable
- review of other income sources available to the individual academies within the MAT to assess likely level of receipts
- review of past individual performance against budgets to promote an understanding of the Trust cost base
- identification of potential efficiency savings
- review of the main expenditure headings in light of the strategic plan objectives and the expected variations in cost, e.g. pay increases, inflation and other anticipated changes
- liaising with external agencies including major suppliers to ensure that the Trust's best financial interests are met

Individual academy plans and budgets will need to be revised until income and expenditure are in balance. Comparison of estimated income and expenditure will identify any potential surplus or shortfall in funding.

If shortfalls are identified, opportunities to increase income should be explored and expenditure headings will need to be reviewed for areas where cuts can be made. This may entail prioritising tasks and deferring projects until more funding is available.

If a potential surplus is identified at an individual academy within the MAT, this may be held back as a contingency or alternatively carried forward to invest in future years' priorities for the students that the academy serves.

It will be the responsibility of each Local Governing Body's Finance Committee to set/recommend to the full governing body of their respective academy an annual budget for submission to the MAT board. Such approval should be clearly minuted in sufficient time to allow prompt submission of aggregated plans to the EFA and should be accompanied by a statement of assumptions and explanations behind the plan so that if circumstances change, it is easier for all concerned to take remedial action.

The Director of Finance, in conjunction with the Chief Executive Officer, are responsible for preparing and obtaining approval for the MAT annual budget, which aggregates the budgets of each academy in the Trust. The budget must be approved by the members.

The approved aggregated budget must be submitted to the Education Funding Agency (EFA) by 31 July each year or at a date specified by the EFA. The deadline date for submission of the academy budget is the 15th June which allows sufficient time for the approval process.

Budgets should be seen as a working document which may need revising throughout the year as circumstances change.

7.2 Monitoring And Review

Budget monitoring reports have been developed in which variances are highlighted for discussion and appropriate. Monthly reports should be prepared by each academy. The reports will detail actual income and expenditure against budget both for budget holders and at a summary level for the Head Teacher, so that up to date figures are available for the Director of Finance on PSF.

The monitoring process should be effective and timely in highlighting variances in the budget so that differences can be investigated and action taken where appropriate. Any potential overspend against budget must, in the first instance, be discussed with the Director of Finance.

Each academy should present monitoring reports to finance governors at least three times a year, and, after approval from this body, the reports should be reported to the academy's Governing Body.

8. Payroll

The main elements of the payroll system are:

- staff appointments

- payroll administration
- payments

The payroll is managed by the central MAT finance team.

8.1 Staff Appointments

The Local Governing Bodies have approved a personnel establishment for each school in the MAT and the Head Teachers at each school must ensure that adequate budgetary provision exists for any establishment changes.

Trustees of the MAT have the authority to appoint the Chief Executive Officer and the Head Teacher at each academy. The appointment of a Director of Finance must be approved by the Trustees of the MAT.

Each School in the MAT maintains personnel files for all members of staff which include contracts of employment. All personnel changes must be notified to the Business Managers immediately.

The Chief Executive Officer is responsible for ensuring that the Trust's pay policy is implemented.

The Chief Executive Officer is responsible for ensuring that the statutory obligations around the safer recruitment policy and procedures are administered and Business Managers will be responsible for maintaining accurate records of all staff employed at their school in a single central record.

8.2 Payroll Administration

The MAT payroll is outsourced and administered by Working with Schools. Amendments to payroll data, e.g. appointments, resignations, pay changes and overtime, should be authorised and a record kept in personnel files.

All supply teacher, casual working and overtime claims must be checked and confirmed by a budget holder and must be forwarded promptly to the academy's Business Manager.

8.3 Payroll Payments

All staff are paid monthly by bank credit transfer to their bank accounts. Working with Schools payroll system automatically calculates the deductions due from payroll to comply with legislation. The major deductions are for tax, National Insurance contributions and pensions.

Business Managers should undertake a monthly reconciliation between the current month's actual expenditure and the budgeted payroll costs. Any variations should be investigated and reported to the Head Teacher and queries raised immediately with Working with Schools Team. The reconciliation should be signed by both the Business Manager and the Head Teacher to verify the accuracy of the payments made.

The MAT has a responsibility for ensuring that all payments to individuals are subject to tax and national insurance deductions where appropriate. In order to achieve this, the following guidelines should be followed:

- an assessment must be made as to whether the individual is providing a contract of service (i.e. employed) or a contract for services (i.e. self-employed),
- if considered to be a contract of service, the individual shall be set up as an employee of the school before receiving payment through the payroll
- where an individual seeks payment from the school for a contract for services, this must be in the form of an invoice

Careful attention should be paid to repetitive payments to individuals.

9. Procurement

The Trust wants to achieve the best value for money from all our purchases. This means we want to get what we need in the correct quality, quantity and time at the best price possible. A large proportion of their purchases will be paid for with public funds and we need to maintain the integrity of these funds by following the general principles of:

- **Probity:** it must be demonstrable that there is no corruption or private gain involved in the contractual relationships of the Academy
- **Accountability:** the Academy is publicly accountable for its expenditure and the conduct of its affairs
- **Fairness:** that all those dealt with by the Academy are dealt with on a fair and equitable basis.

9.1 Routine Purchasing

Budget holders will be informed of the budget available to them as soon as the budget is formally ratified and approved by their Governing Body. It is the responsibility of the budget holder to manage their element of the budget and to ensure that the funds available are not overspent.

It is essential that all of the following controls are adhered to:

- orders should not be entered into verbally
- the use of 'Official Order Forms' through the local system automatically updates the financial records and enables committed expenditure to be included in management information for governors
- in exceptional circumstances (e.g. emergency repairs) orders may be placed by telephone. In such circumstances a confirmation order should be generated. Orders may be faxed to suppliers, in order to reduce timelines.
- orders should only be approved in accordance with the authorised limits within the scheme of delegation

- orders may only be used for goods and services provided to the MAT. Private individuals and other organisations may not use 'Official Order Forms' to obtain work, goods, materials and services net of VAT
- **orders under £5,000** - can be ordered by budget holders, who will be responsible for ensuring that reasonable steps have been taken to achieve Best Value. Best Value could be achieved by:
 - supplier chosen from the list of approved suppliers maintained by the Finance Office
 - bulk purchasing of common consumables
 - negotiating discounts
 - taking advantage of sale seasons
 - obtaining alternative quotations wherever possible
- **orders over £5,000 but less than £25,000 (Primary)** - at least three written quotations should be obtained for all orders between £5,000 and £25,000 to identify the best source of the goods/services. Written details of quotations obtained should be prepared and retained by Business Manager for audit purposes and approved by the HT
- **orders over £5,000 but less than £50,000 (Secondary)** - at least three written quotations should be obtained for all orders between £5,000 and £50,000 to identify the best source of the goods/services. Written details of quotations obtained should be prepared and retained by Business Manager for audit purposes and approved by the HT
- **orders over £25,000 but less than £75,000 (Primary)** - all goods/services ordered with a value over £25,000, or for a series of contracts which in total exceed £25,000, must be subject to three written quotations and must be referred to the respective Finance Committee for formal approval
- **orders over £50,000 but less than £75,000 (Secondary)** - all goods/services ordered with a value over £50,000, or for a series of contracts which in total exceed £75,000, must be subject to three written quotations and must be referred to the respective Finance Committee for formal approval
- **orders over £75,000** – will be subject to a tendering policy

The academy budget holder or the academy Business Manager must make appropriate arrangements for the delivery of goods and services to the academy. On receipt of goods and services there must be a detailed check of the goods and services received against the purchase order (or equivalent in exceptional circumstances). All discrepancies should be discussed with the supplier of the goods and services without delay.

All invoices should be sent to the academy's Business Manager to be checked against the PSF numbered order (or equivalent in exceptional circumstances) and the delivery note to evidence the following:

- invoice arithmetically correct
- goods/services received
- goods/services as ordered
- prices correct.

Invoices will be authorised for payment by the relevant cost centre holder and then passed to the academy's Business manager for recording and payment through PSF.

9.2 Business Charge-cards

Business Charge-cards are held by named cardholders in each academy. Any cards held by anyone other than the Accounting Officer, Head Teacher or the Business Manager will be linked to a specific cost centre and should only be used to purchase goods from that cost centre.

Each cardholder is personally responsible for the safe custody of their card. The card should be held securely at all times and any loss of cards should be reported immediately. Both the cardholder and the cost centre manager are jointly liable for the integrity of all transactions and proper and controlled use of the procurement card. All receipts must be produced and reconciled monthly to the monthly statement by the Business manager and reviewed and signed off by the Head Teacher.
