Bradford Diocesan Academies Trust (BDAT) is a Bradford based multi-academy trust committed to providing high quality education for all the children in our primary and secondary schools through collaboration, challenge and targeted support. Our purpose is to maintain and drive rapid school improvements through shared best practice across our growing family of schools and partners. BDAT was set up in 2012 to sponsor academies in Bradford on behalf of the Diocese of Leeds.

Our mission is “to provide education of the highest quality within the context of Christian belief and practice”. We encourage an understanding of the meaning and significance of faith and the added experience and learnings of Christian values can offer to the development of all our pupils’ education and personal lives. We believe every child only gets one chance at education and they have a right to a good education.

In practice as a Trust we seek to work with, and alongside, the schools in our Trust to provide a good quality of education to all children in our schools. We operate a light touch support role for schools at times of challenge and by establishing collaborative structures and processes to enable our schools to work together and share good practice.

If you are interested in working for us in one of our primary schools, please come to our Recruitment Fair on the 16th May where you can hear more about what it is like to work within the Trust and get further information about our current vacancies. There will be presentations from Head Teachers of schools within the Trust and the opportunity to meet with other staff from our schools. Further details about the schools within the Trust can be found by visiting our website <http://www.bdat-academies.org/>
